He lives in Khayelitsha with his mom and siblings. Rae has just matriculated and is currently part of the Roxy Davis Foundation's Ocean Ambassadors program, where he continues to develop his skills in and out of the water.

## THANDO

Recently matriculated and is a competitor in the kneel division as a lower limb amputee. Thando began his surfing journey in 2021, a decision that would not only transform his life in the water but also have a profound impact on his day-to-day living.

## EMIHLE

Emihle competes in the Stand 2 division and was a finalist in the 2024 South African Para Surfing Championships. In 2023, he was the first reserve for the national team, narrowly missing selection. This year, Emihle is determined to secure his place on the 2025 national team, training harder than ever to achieve his dream. His journey is a testament to perseverance, and with your support, he can compete in this year's national event.

## NASR

A remarkable athlete in the All-Inclusive Stand Division, who lives with Osteogenesis Imperfecta (OI), a condition that causes bones to break easily. Despite the challenges posed by brittle bone disease, Nasr is a South African table tennis champion and is showcasing his exceptional skills on a surfboard. His journey is one of resilience and he is a true advocate for inclusivity in sport.

## DIEGO

Diego is an athlete with a spinal cord injury who competes in the Prone Unassist Division. He is a fierce competitor and has found a deep love for the ocean. He is currently still in school completing Grade 12. Diego lives in Belhare with his mom and siblings.

## NOLUTHANDO

A single mother and the defending Para Surfing Champion. She triumphed in the 2024 championships in Cape Town after overcoming many challenges.
